Investment Objective

The fund seeks to provide attractive monthly income and long-term capital appreciation from a diversified, multi-sector portfolio of primarily covered call ETFs focused on Canada.

Reasons to Invest in HDIV

Higher monthly income with 9.68% yield

Sector mix broadly similar to S&P/TSX 60 with greater diversification

Increased growth potential vs individual covered call ETFs

Higher yielding alternative vs broad-based index ETFs and individual covered call strategies

Commissions, management fees and expenses all may be associated with investments in exchange traded funds (ETFs) managed by Hamilton ETFs. Please read the prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in per unit value and reinvestment of all dividends or distributions and does not take into account sales, redemptions, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Only the returns for periods of one year or greater are annualized returns. ETFs are not guaranteed, their values change frequently and past performance may not be repeated.

Why add modest leverage?

HDIV provides a higher yield with more upside potential for long-term investors
